Pet Friend Spotlight

Tiger

"I'm Tiger. I like watching birds, bacon, and chasing laser pointer lights. I despise belly pets, being brushed, or having my nails clipped. Firm believer in my body, my choice. Bacon and ham are the only human food worth eating. I prefer my own bed, except when my people turn on the electric blanket. Then it's Spa Day. I enjoy exploring my neighbors' boats, always on the lookout for an upgrade, amirite? I tolerate my neighbor dog, Chance just fine but I don't need to share my wonderful boat with any other animals. I know what I've got and it's a darn sweet life."

Marina Resource of the Month

ORION FAB

Lars and Nicole Anderson

"I couldn't find what I needed, so I built the Orion Dinghy, an aluminum diveable go-fast boat with storage for crab pots and gear. I've always been a builder; I see things in my mind and turn it into reality. When Nicole and I met in Hawaii years ago, I was teaching scuba and doing projects on the side. I've fixed up cars, made custom campers, and modified everything on our boat that can be. I can't help but tinker to improvement. You name it, I've worked on it. You can see my dingy options at our website <https://www.orionfab.net/> "

Tenant Blog News Links

Opening Day for Boating 2024 is May 4th!

Our friends at Seattle Yacht Club have a nice blog post about the history of this annual fun.

Liveaboard Neighbor

Sheri Medley

"My years of education in radio stations helps me talk professionally during Monday evening V-Man chats. Vessel Mutual Assistance Network started way before my time at Shilshole, I'm just doing my part to push it forward. Teaching kids and adults how to talk on the radio is vitally important, our weekly program in the marina gives people a safe way to practice that skill. In 2020 I earned my ham radio license, which was the next step in my professional development and gives me confidence. I listen to channel 16 all the time. The seriousness of this lifestyle comes out over the radio. It's all fun and games until someone's voice is full of panic and terror and you realize you are listening to them lose their boat and home. Being competent on the radio saves lives."

Channel 71 Monday 7pm- kids/ 8pm-adults
